***Servant is made up of musicians who have dedicated their gifts to the Lord. Under the leadership of Nicole Lee, the band provides worship music for Wellspring at the 10:45 service, using contemporary Christian music that blends mixed instruments and vocals. Servant has an active outreach ministry, going wherever it is called to go -- the members of Servant love sharing their love of the Lord through word and song! If you are interested in having Servant come to your church or event, please contact Gail Scullion at 757-229-5558 or call the church at 757-258-5008.***
